imageFORCE C1935P

THE POWER OF NEXT

To push the boundaries of what's possible, you must be bold. The **Power of Next** represents Canon's latest phase of ambitious and advanced print innovation with the comprehensive line-up of imageFORCE technology. This highly productive lineup is designed to help you **print better**, **do more**, and **stay ahead** in today's digital workplace. Backed by a strong commitment to the *Kyosei* philosophy—which promotes living and working together for the common good—Canon ushers in a new era of print.

imageFORCE C1935P

Canon's imageFORCE C1935P is designed to deliver brilliant, high-quality color printing in a compact design, great for organizations that need reliable performance in space-conscious environments. Built on Canon's trusted imageFORCE platform, this model combines powerful functionality with a smaller footprint, supporting paper sizes up to 11" x 17", making this a great solution for busy workgroups and modern offices where space is at a premium.

PRINT BETTER

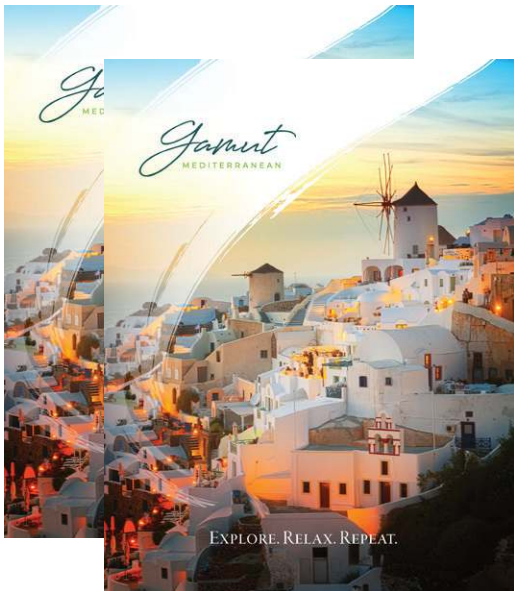
Produce high-quality output with vivid color, sharp text, and the consistent reliability of Canon technology.

BRILLIANT QUALITY AND RELIABILITY

Proven Canon Reliability
Engineered with Canon's renowned technology to provide consistent performance, help reduce downtime, and minimize the impact on support resources.

Outstanding Image Quality
Advanced imaging technology and high-quality toner deliver vivid, high impact color output.

Built To Perform
The imageFORCE C1935P Printer is designed for reliable performance in compact spaces, combining durability with an intuitive user experience.



HIGH-SPEED PRECISION DELIVERS CLEAR OUTPUT

To deliver up to 1200 x 1200 dpi (equivalent) image quality at high engine speeds, the system increases laser exposure frequency, helping to provide prints that are sharp, detailed, and consistently clear.

HELP EXPAND PRINT EFFICIENCY WITH WORKFLOW SOLUTIONS

Manage tasks, track costs, and print all on one platform with the optional uniFLOW Online solution, a powerful cloud-based solution that helps to reduce IT workload and adds flexibility to your print environment.

DO MORE

INTUITIVE WORKFLOWS FOR EVERYDAY USE

Help elevate daily efficiency with seamless workflows, simple and intuitive print technology, integrated solutions, and flexible media handling.

VERSATILE DESIGN MADE FOR PRODUCTIVITY

Designed to handle media up to 11" × 17" without taking up extra space, this compact printer offers full front-facing operation. From quick paper loading to fast consumable replacement, every task is intuitive—helping to keep you productive and minimizing downtime.

WORKFLOW EFFICIENCY

- Supports mobile solutions such as Apple AirPrint, Canon PRINT, Mopria, uniFLOW Online, and Universal Print.[1]
- Navigate settings with ease using the 5-line LCD panel and integrated keypad for fast, precise input.
- Supports up to four optional paper cassettes, reducing paper-change interruptions and enabling seamless use of multiple media types and sizes.
- Quick Start Mode delivers warm-up times as fast as 2 seconds, letting you print your first page with virtually no delay.[6]

CLOUD READY SOLUTIONS

Canon's imageFORCE platform supports seamless integration with a variety of cloud storage services and third-party software. The imageFORCE C1935P is compatible with Canon's optional uniFLOW Online and other solutions that are designed to help streamline document workflows, security features, and simplify fleet management. With support for mobile printing, and remote device monitoring, it's built for today's connected work environments.

HASSLE-FREE SETUP AND MAINTENANCE

Canon U.S.A.'s range of Smart Services are available as an option and are designed to help support you at every stage of the device management life cycle. Benefits include:

- Setting up and deploying your devices quickly.
- Enabling proactive service and fast issue resolution.
- Access upgrades and replace parts with ease.

GAIN CONTROL OF YOUR FLEET

Canon imageWARE Enterprise Management Console (iW EMC) is a highly scalable, browser-based utility capable of installing and managing multiple Canon networked devices. imageWARE Enterprise Management Console helps to monitor device status, consumables, and more. Benefits include:

- Increase Uptime
- Real-Time Monitoring
- Scalable

STAY AHEAD

FUTURE-READY. SECURITY-FOCUSED FEATURES. LOW-IMPACT DESIGN.

Make the move forward with cutting-edge print technology that is built to help your organization be more productive, and more prepared for the unexpected.

SECURITY FEATURES DESIGNED TO HELP SAFEGUARD YOUR INFRASTRUCTURE

Implement security features designed with the modern workplace in mind. These include:

Security Environment Estimation Feature: Recommends security settings based on the device's operating environment.

Verify System at Startup[3]: At device start-up, helps to verify that the boot process, firmware, and applications have not been altered or tampered with. Includes automatic recovery of boot process.

imageWARE Enterprise Management Console can distribute consistent security settings to the entire fleet on the same network.[2]

SIEM Integration[4]: The ability to integrate your print devices into your compatible security and event monitoring strategy.

Trellix™ Embedded Control[3]: Utilizes whitelisting to help prevent execution of unrecognized malware or tampering of existing firmware/applications.

Manage access and enforce usage policies remotely with optional uniFLOW Online integration.

CANON'S FUTURE-READY UNIFIED FIRMWARE PLATFORM

With Canon's Unified Firmware Platform (UFP), a common source code for firmware development embedded within the imageFORCE products, your device can benefit from regular updates—including additional functionality to existing models—and the latest features.

BUILT WITH SUSTAINABILITY FEATURES

From thoughtful design to efficient energy use, Canon's commitment to the environment can be seen with the imageFORCE series of printers. Features include:

- A combination of highly efficient fusing technologies and low-melting-point toner helps to minimize power requirements and achieve low energy consumption.
- Standard features like two-sided printing and toner reduction when enabled work together to minimize resource consumption during operation.
- ENERGY STAR® certified.
